Re: Recruitment Services - Reference

Logic Recruitment has been providing Placement services to JCA's Planning and Resourcing division for over three years.

We have given the task to Logic Recruitment exclusively and they have exceeded our expectations, in ensuring that JCA is provided only the best candidate options and attentive service second to none.

Ultimately Logic Recruitment has saved JCA time and money in securing outstanding candidates. We have no hesitation in recommending Logic Recruitment to any other business for Engineering, Mining, Oil & Gas and Building Placements.
